

**OPERATING INSTRUCTIONS FOR THE PILOTS WILL BE
PRESENT
AT THE AIR SHOW/ AIR DISPLAY**

“FLY PARTY 2015”

27-28 JUNE 2015

The event organizers, together with aeronautical professionals, established the below rules, to comply with the maximum flight safety possible, during the **Montagnana airfield aviation activities of the 27-28 of june** .

One of the basics aspects is to ensure “regular and consistent” aircrafts arrivals and departures in well defined time slots , to avoid uncontrolled and dangerous gathering of aircrafts in the traffic pattern .

This is why the organization takes care of an important coordination work with the pilots involved in the event .

We are asking to all of you a full cooperation and understanding together a strict respect of the procedures and standards with a single purpose: **ENSURE THE SAFETY TO EVERYBODY** .

NO RADIO AIRCRAFTS ARE NOT ALLOWED

All participants are required to, carefully follow, arrival and departing times, stated in the flight program authorized by the Italian Aeroclub .

ARRIVAL TIMES:

Saturday 27 of june is a day for arrivals and test flights, there will be no restrictions, although we expect the maximum cooperation by the arrival pilots.

Sunday 28 arrival deadline is 10.30 LT .

To help pilots coming from far away, we'll have an additional landing window from **12:30 LT** to **13:30 LT**.

NOTE: Sunday 28 will not be any exception outside the stated landing times.

DEPARTURE TIMES:

Participants and guests aircrafts departures are suggested after event termination , so after 17:30 LT , however to help pilots coming from far away, we'll have an additional take off window from **15:30 LT** to **15:50 LT**.

Above slots are mandatory, it will be no exception.

NOTE: The only departures allowed outside that timing are possible for the aircrafts involved in the airshow/air display, but they must be coordinated in advance with the airshow director.
